ABOUT ME

I can be very adaptable with the technology I have to use and the role I should do in my work. I also like learning about everything, being very self-taught person, so I have learnt a lot of things for my own, I am prominent in my class. Additionally I can do a good team job and I can adapt to the others. I also like so much and have a lot of knowledge in maths (inclusive a little more advanced maths), I participated in a Mathematics Olympiads of the OMA on Esquel in 2024, reaching at the Regional phase.

EXPERIENCE

I worked in 2 paid freelance projects with relatives, but nothing with a like a job position.
